ABOUT PIP STUDIO

HOW IT ALL STARTED

Anke van der Endt graduated in 1996 from the Design Academy in the Dutch city of Eindhoven. Immediately after graduation she started working as a freelance designer for various companies.

As Anke rather designs her own products she decided to set up her own label in 2007. As Pip is Anke's alter ego, she decided to give Pip a central role. Pip takes her fans on an incredible journey, always looking for new inspiration to design new collections - wherever she goes.

These stories are the starting point, the soul of the brand.

Also a nickname from her youth, it wasn't long before she found the perfect name for her brand.

Pip's studio makes everyday products, especially things she can't find to her own liking. Her eye for detail, special finishes and layered designs ensure her products are guaranteed to bring a sparkle to everyday life.

This design vision is articulated in Pip Studio's motto:
Happy products for happy people.

Pip always follows her heart and stays true to her intuition. She always raises the bar, uses the best materials and always aims for the best make. Her collections are always connected to one another, forming an intricate part of a wider universe. What's truly special is that Pip's ethos conquers hearts and minds everywhere. Without knowing it, she hits a universal chord.

Pip isn't guided by fashion or trends or even commerce. She only does what she likes and finds beautiful, and nothing else.

This may seem controversial and a contradictory, but it's not. In no time, her mix and match collections conquered all major department and specialty stores all over Europe.

Pip Studio is even making inroads outside of Europe. It's sold in more than 40 countries.

The success isn't all down to the designers. Pip Studio's partners play an equally important role. Every carefully selected partner has made their mark in their own field.

Surround yourself with Pip creations and celebrate life!

New Edition is the exclusive licensee partner of Pip Studio for all Home and Home- & Beachwear products.

ROYAL COLLECTION

The Royal tableware collection features unique shapes and delicate porcelain. Modern print techniques have been used to bring together old and new in this collection. The Royal collection consists of Royal Multi, Royal White, and newly added Royal Stripes. The pieces of Royal Multi include elements from historic tableware – vintage flowers, blue painted blossoms, branches and golden details - that adorn the artwork in keeping with the shapes and use of the items.

The Royal White tableware collection is the response to a desire to honour our Dutch origin and create a more serene edition of Royal tableware. Made of the same delicate porcelain its artwork consists exclusively of serene white porcelain with blue and golden floral scenes, alternating with golden graphic elements, all of which are also found in the Royal Multi collection.

The new pieces of Royal Stripes provide a fresh and modern twist and are therefore the perfect match for the original Royal tableware. The result is abundantly clear:

These Royal collections are new old classics!

The Royal tableware collection also includes glassware, decorative metal plates & bowls, candle holders and vases.

LOVE BIRDS COLLECTION

Pip's all time favorite design: Love Birds!

The decorative medallion with the robins and other birds still take a central place in this collection. They receive extra attention because the medallion is executed in relief. Surprising is the combination of the sometimes curly golden decorative elements with the sleek design of both the shapes and stripes.

All products in this collection have the same style characteristics. The decoration around handles, ears and spouts give this collection its own recognizable style. With a proud little bird adorned on the lids.

LA MAJORELLE COLLECTION

With the La Majorelle collection we give a tribute to the beautiful botanical gardens with its large diversity of colourful flowers and branches from all over the world. It's a lively display of flowers playfully combined with a nod to the palm trees and curious monkeys. The dots and stripes on the background give this design a surprising combination and a modern twist. The La Majorelle tableware collection is available in pretty pink and jeans blue.

The La Majorelle collection also includes glassware with a fairy-tale golden landscape.

BLUSHING BIRDS COLLECTION

East meets West in the beautiful Blushing Birds collection. Influences from each culture create exciting new contrasts and wonderful blends in this design. Tropical birds and other exotic species are combined with classic and Pip's fantasy flowers. The unique combination of porcelain and wood structures go together beautifully on every table.

The Blushing Birds collection consists of tableware, kitchen- and table textiles as well as home accessories. Available in multiple colour groups; blue, white, khaki, red and a warm yellow colour. All colours can be easily combined.

EARLY BIRD COLLECTION

The Early Bird tableware collection consists of a variety of patterns designed to mix & match and create a unique interplay through the applied artwork. We worked with a base of calm colours, a subtle print along the edge, combined with an eye-catching illustration of romantic roses.

The best seller from this collection; the refined Early Bird illustration with lovely cherry blossom, still takes centre stage. It's adorned with our famous red-white stripe with gold details.

All items are available in three colour groups; khaki, pink and blue, and can be easily combined both within and between the colour groups.

BAGS COLLECTION

Pip likes to travel. On her incredible journeys she is always looking for new inspiration to design new collections - wherever she goes. The design of this seasons cosmetic bags is an intricate play of small dried flowers and graphic mini prints. You will find the Petites Fleurs in all sorts, colours and shapes. This collection combines perfectly with this seasons homewear collection.

The The fashion- & travel bags collection contains a fantasy display, a homage to the white heron which is a main character in our spring summer collection.

The bags collection consists of different models such as a cross body bag, weekend bag, shopper, matching wallet, cosmetic bags and newly added beachbags. This new beach bags collection collection consists of 3 models perfect for a beach day out. Decorated with an exotic garden print with bright and colourful exotic flowers and the tropic twins print, a mirage of deers on a dark blue ground.

• SUSTAINABILITY •

Pip Studio does not own any factories, we work together with our carefully selected partners. We believe that the manufacturing of our products should be done in a responsible way. We aim to create collections with well-thought-out solutions that bring a sparkle to everyday life. Our partners philosophy is to build a trustworthy and long-term relationship with their suppliers in order to ensure continuity of the quality, look and delivery of our collections.

• CARE & USE •

To enjoy your Pip Studio products till the end of times, we recommend the following care and use instructions:

TABLEWARE

- Material: A-grade white porcelain;
- 100% food safe;
- Not dishwasher- and microwave safe due to the golden decorations;
- Always wash any new purchases before first use, in a mild solution of liquid detergent;
- Use liquid detergent;
- For tea/coffee stains, use a specialized stain remover;
- Use only a soft sponge - metal or abrasive scouring pads can scratch the surface or leave permanent marks;
- Plates can scratch one another, so do not put too many in a sink at one time;
- Don't use abrasive detergents.

KITCHEN-, TABLE- & HOME TEXTILES

- Please wash textiles the first time separately. Follow the general cleaning and care instructions of the care label at each product.

HOME DECORATION PRODUCTS

- Wooden plates need special care to prevent warping and cracking. Wood is porous and it absorbs moisture. When it dries out, the wood may get rough;
- Wipe wood immediately after use with a sponge or paper towel moistened in cold water. Make sure it dries properly and completely before storage. In drying process it is suggested to air dry, not under direct sun;
- If the item is very dirty, wash it with washing detergent and a soft sponge, afterwards clean with moistened towel. Let it dry properly before storage;
- Do not let it soak in water and never put it in the dishwasher;
- Our products are handcrafted so small variations in size, finish and colour may occur.

GLASSWARE

- 100% food safe;
- Not dishwasher safe due to the golden decorations, hand wash only in warm water;
- Do not rub design abrasively;
- No soaking in water;
- Don't use abrasive detergents.

FROM WELL-MANAGED FORESTS

All Pip Studio products are produced and tested according to the actual EU standards, rules and regulations. Test reports available on request.
